

ZACTUS™

### Installation Instructions

#### Contents

Qty (1) Zactus™ Wiper

Qty (1) Retainer Pin

Qty (4) Elastic mounting band

#### Installation

Remove retainer pin, split the Zactus™ wiper and place over blade of your tape measure

Insert retainer pin into Zactus™ wiper

Use two elastic mounting bands to hold Zactus™ in place. One band on each side of tape blade. Note: single, double or triple wrap each band to fit your tape measure's size. Bands should hold wiper in place very tight.

Installation Complete

When using your tape with a Zactus™ mounted, use the tape in a way that the blade exits in same direction as wiper opening

To extend life of your Zactus™, do not use in dry conditions when tape doesn't need to be wiped clean.

TIP: Keep a tape measure with a Zactus™ mounted on only for use in harsh conditions.
